

REMAN PARTS COMBINE CATALOG

SPRING 2025

CNH | REMAN

UPDATED APRIL 2025

CASE IH

WE'VE GOT YOU COVERED.

KEEPING YOUR CASE IH COMBINE RUNNING LONGER FOR LESS.

Broken equipment or worn parts cause downtime, extended deadlines, and unexpected expenses. As a trusted division of CNH, we provide Case IH Dealerships around the world with thousands of remanufactured quality parts tested to OEM specifications. You can trust CNH Reman parts will fit right the first time.

Since we reclaim the used core and bring it back to new again, we stock many hard-to-find parts for your Case IH combine that cost about 30% less than new.

WEAR PARTS

AVAILABLE FOR:

1 Small Frame Legacy
1400 SERIES | 1600 SERIES | 2100 SERIES | 2300 SERIES

2 Large Frame Legacy
1400 SERIES | 1600 SERIES
2100 SERIES | 2300 SERIES | 2500 SERIES

3 Midrange
88 SERIES | 130 SERIES | 140 SERIES | 150 SERIES

4 Narrow and Wide Frame
10 SERIES | 20 SERIES

5 Non-Common and Common Cab Flagship
230 SERIES (UNCOMMON CAB - BEFORE SN YDG222000 |
COMMON CAB - AFTER SN YDG222000)

6 Late Flagship
240 SERIES | 250 SERIES

COMBINE WEAR PARTS

CNH Reman Wear Parts by Ihle Fabrications are made by farmers with high-quality steel options including Hardox® 450, Strenx® 110, and various stainless-steel grades.

- A** Feeder House
- B** Rotor
- C** Grain Pan
- D** Clean & Return Grain
- E** Grain Elevator
- F** Bubble Up
- G** Grain Tank
- H** Auger
- I** Tailing
- J** Corn Head

LEARN MORE ABOUT CNH REMAN WEAR PARTS BY IHLE FABRICATIONS

CNH Reman and Ihle Fabrications partnered in 2023 to bring Case IH Combine owners the best wear parts available on the market — straight to you local dealership.

For more information, visit: www.mycnhreman.com

DON'T COMPROMISE. CUTTING-EDGE STEEL THAT OUTLASTS THE TOUGHEST CONDITIONS.

Harvesting environments can place significant demands on equipment. The choice of materials for parts is crucial, as it directly affects the performance and durability of a combine, especially when dealing with heavy loads, abrasion, and harsh conditions. CNH Reman is the **only** manufacturer to offer Hardox® 450 and Strenx® 110 on their wear parts. Don't be fooled by the others.

HARDOX® WEAR PLATE

The unmatched strength of Hardox® 450 is an industry leading wear-resistant steel manufactured by SSAB and its key attributes make it an excellent choice for harvesting applications.

UNMATCHED STRENGTH

Allows for increased load-bearing capacity and structural integrity during intense harvesting operations with a nominal hardness of 450 HBW and a yield strength of approximately 1200 MPa.

ABRASION

Its wear-resistant properties protect combine components from wear, impact, and material loss while extending durability, reducing maintenance costs, and improving overall machine performance.

REDUCED WEIGHT

Hardox® 450 is lighter weight than traditional steels, contributing to fuel efficiency, and increased payload capacity.

STRENX® PERFORMANCE STEEL

Strenx® 110, another high-strength structural steel from SSAB, offers specific benefits for combines.

EXCEPTIONAL STRENGTH

Exceptional strength of 1100 MPa, provides extraordinary structural integrity and load-bearing capabilities and provides higher resistance to bending, twisting, and other mechanical stresses experienced during harvesting operations.

FORMATION AND WELDABILITY

Strenx® 110 offers ease of fabrication and repair with the ability to be welded using common methods without being affected by high strength and retaining good form.

OPTIMAL TOUGHNESS

A minimum yield strength of 100 ksi enables it to withstand impacts and shocks inherent in the harvesting environment, ensuring reliable performance and reducing the risk of downtime due to equipment failures or component damage.

PUTTING THE FARMER FIRST

By choosing CNH Reman Wear Parts for your Case IH combine, you can unlock:

ENHANCED PRODUCTIVITY

Our remanufactured wear parts enhance the performance of combines, leading to increased productivity and efficiency during harvest. You can expect improved cutting efficiency, threshing capability, and overall harvesting effectiveness, allowing you to maximize your yield.

INCREASED EFFICIENCY

With our robust metals used in remanufacturing wear parts, you can combat the wear and tear challenges that affect combine performance. By protecting your equipment and preventing grain losses, you can optimize the efficiency of your harvesting operations, ultimately saving time and resources.

REDUCED DOWNTIME

Our enhanced wear parts minimize the risk of breakdowns and malfunctions, reducing downtime during critical harvesting periods. You can rely on the reliability and longevity of our parts, ensuring smooth and uninterrupted operations.

COST SAVINGS

Investing in CNH remanufactured wear parts provides you with a lower cost of ownership. Our parts' extended lifespan and durability means fewer replacements, reducing the overall maintenance and replacement costs associated with wear parts. This cost savings directly contributes to the profitability of your farming operations.

IMPROVED GRAIN RETENTION

Properly maintained wear parts are vital in preventing grain losses during harvesting. Our remanufactured wear parts are enhanced to ensure superior grain retention, protecting the quality and quantity of the crop.

EQUIPMENT PROTECTION

You can effectively decrease wear and tear challenges that impact your combine equipment by utilizing our wear parts. Our parts are enhanced with more robust metals, extending your equipment's service life and minimizing the need for costly repairs or replacements.

OPTIMIZED PERFORMANCE

CNH Reman Wear Parts by Ihle Fabrications products are designed by farmers for farmers. They have been field-tested to ensure optimal performance and functionality. By choosing our enhanced remanufacture wear parts, you can trust that you are using industry-leading components proven to deliver exceptional results.

TIME-SAVING

Our remanufactured drop-in ready wear parts, precision machining, and user-friendly design provide a simple repair solution, saving farmers valuable time and effort. With CNH Wear Parts by Ihle Fabrications, you can spend more time in the field and less time in the shop, maximizing operational efficiency.

RELIABILITY

Our CNH Reman Wear Parts by Ihle Fabrications are backed by CNH; renowned for their reputation in the agricultural industry. You can have confidence in our parts' quality, reliability, and performance, ensuring and long-lasting performance.
